1. As stated in the reference, AMGAME-1 claims that G u i t a r t has relatives living in the U.S. The AMOTs were asked for any information they might be able to provide on such relatives. Forwarded herewith is a copy of OTA-3909 with information available to the AMOTs on the two individuals they believe to be Guitart's half brothers, Agustin G u i t a r t Campuzano and Miguel Antonio G u i t a r t Campuzano. Also included is information on Guitart's mistress, Mar J u a r e z Fernandez. There are no Station traces on either of the brothers.

2. Station traces on Mar JUAREZ Fernandez indicate that she is the head of the Ichthyology Department of the Oceanographic Institute. In February 1967 a refugee source reported her to be the assistant to Guitart in the Plankton Department of the Oceanographic Institute of the Cuban Academy of Sciences, and one of the founders of the Institute of Oceanology. She had formerly been a professor of biological sciences at the University of Havana. In 1966 she was given a UNESCO scholarship to study in an unidentified European country but the Cuban Government did not give her permission to leave the island. In 1966 she was nominated to attend a convention in the USSR but again was not given permission to leave Cuba. She has been opposed to the regime since 1963 and was anxious to leave Cuba.

2. Please, note that Agustin and Miguel Antonio have the matronymic Campuzano while Subject's matronymic is Manday or Mandey. This makes us believe that they are half brothers (children of the same father). Also note that reports indicate that Subject was born around 1923 while Agustin and Miguel Antonio were born in 1910 and 1908 respectively. Their difference in age is around 13 years. Agustin and Miguel Antonio were reported as being brothers of Dario GUITART Mandey by Orlando JAMBU Fernandez (A17 362 397). On 20 May 1966, JAMBU provided data to prepare a Summary of Information on Dario GUITART Mandey. In this Summary (we are

attaching a copy in Spanish).. JAMBU identified Agustin and Miguel Antonio as Agustin and Miguel Antonio GUITART Mandey. He did so probably because he did not know that they are half brothers who have different matronymics. We are certain that the individuals reported by JAMBU are Agustin and Miguel Antonio GUITART Campuzano because they have the same occupations.

3. We are also forwarding a copy in Spanish of a Summary of Information on Mar JUAREZ Fernandez who has been identified as Dario's mistress and as head of the Department of Icthyology of the Institute of Oceanology.

4. In our opinion, Agustin and Miguel Antonio GUITART Campuzano could provide information on Dario and explain whether they are half brothers.

Sr. Ramon Camayd,
Holguin, Cuba.

Mi distinguido amigo:

No sabe Ud. bien cuanto le agradezco su carta y las noticias que me da de toda la familia. Yo la lei con algunos dias de retraso porque estuve de vacaciones durante casi tres semanas, fuera de esta Ciudad, y cuando regrese pase por la casa de la mama de Diana para recogerla.

Me gusta su estilo porque Ud. tiene facilidad para describir el caracter de las personas que lo rodean y tal me parece que estoy viendo a quienes Ud. describe y a quienes se refiere en sus cartas; cuando por cualquier tipo de circunstancias uno se ve lejos de la Patria, las cartas de los amigos y familiares representan o producen la mejor de las emociones que se pueden sentir. Por esa razon le agradeceria muy mucho que no perdiera la costumbre de escribirme cuando sus ocupaciones se lo permitan; puede seguir haciendolo a la direccion de la Mama de Diana, poniendo en el sobre "para Tin" que es como cariñosamente ellos me conocen. Resulta un verdadero placer conocer del progreso y del desenvolvimiento de la gente que uno estima y quiere, aunque sea por carta. Cuide de su salud pero no se preocupe mucho porque la enfermedad que Ud. padece es transitoria y dado el tratamiento que Ud. dice seguir, tengo la seguridad de que pronto se sentira se sentira bien del todo.

Un saludo afectuoso para toda su familia y Ud. sepa que le aprecia de veras su amigo,

Agustin.

Dear Dr. Guitart,

Please excuse my writing in English but I find myself short of time and it is quicker if I write in English.

I am returning herewith the papers you forwarded to me and am also enclosing a visa waiver for Daisy GUITART Fox. Visa waivers are of little value these days because of various restrictions that have arisen in connection with travel to the United States from Cuba via another country. This situation I will discuss with you when I am in New Orleans which I expect will be during the week of 12 August 1963.

You mentioned that your son, Jorge, might contact me. To date, he has not called so I trust that there has been no need on his part to see me.

Since I have received no word from you I suppose Rene has not yet answered your letter. Let us hope that we hear from him soon.

I would like to discuss with you the possibility of contacting your friend Sr. Camayo of Holguin. Perhaps by the time I arrive you will have had some good ideas on how best to carry this out. I'm looking forward to seeing you and will call you as soon as I arrive in order to make an appointment to see you.

Best regards,

Carl Teels

Dear Mr. Tells:

Posiblemente mi hijo Jorge, que vive en Washington, solicitará una entrevista con V. y le consultará un problema que él tiene; me agradaría que V. pudiera ayudarlo. El sabe que V. y yo somos amigos y nada mas; con ésto quiero decirle que él no sabe cuál es el motivo de nuestra conexion.

Hoy recibí una carta de mi pariente en Santiago de Cuba y me dice que (su carta tiene fecha Junio 13) que la ultima que recibió de mi parte tiene fecha 25 de Marzo; ésto significa que las cartas de aquí para alla están demorando mas de los diez dias que suponíamos; es posible que las cartas que salen de esta ciudad vayan, primero, para Miami y de allí sean remitidas a Cuba vía Mexico; esta es una suposición mia ya que yo he escrito varias cartas para Santiago de Cuba con fechas posteriores al 25 de Marzo y anteriores a Junio 13 y no me explico el por qué de la demora. Si V. sabe de alguna forma para que la correspondencia vaya más rapidamente, podríamos utilizarla.

Como le decía en mi carta de ayer, aquí le incluyo las visas de mi hijo y de su familia; me refiero al hijo mio que vive en Cuba; en su última carta él me dice que ya solicitó el pasaporte de la mas pequeña de sus dos hijas, que nació el 13 de abril de este año y cuya visa waiver fué solicitada por mí hace cuestión de un mes, poco mas o menos.

Tengo informes acerca de que la Cruz Roja Internacional es la entidad que hace gestiones y que ha logrado el traslado de muchos refugiados cubanos desde la Habana; de no ser por conducto de esta organización sería necesario obtener del Departamento de Estado (Washington) una autorización para que mi hijo y su familia lograran que las visas waiver que poseen les sirvan para trasladarse desde México a los Estados Unidos. Con esta autorización, creo que sería facil obtener de las autoridades mexicanas visas de transito por Mexico.

De todos modos le estaré muy agradecido por las gestiones que V. haga para lograr el traslado de mi hijo y su familia que esta compuesta de las siguientes personas:

Agustin Ramon Guitart Toro	
Daisy del Carmen Fox Padron	(Esposa)
Maria Elena Guitart Fox	(hija mayor : 17 meses de edad)
Daisy Guitart Fox	(hija menor : 2 " " "
Carlos Fox Meyol	(suegro o father-in-law)
Irma Fox Padron	(cuñada o sister " ")

Domicilio en la Habana: Calle 68 No. 1514 entre 15 y 17, Marianao, Habana, Cuba.
Telefono: 2-7533

Le saluda atentamente,

Dear Mr. Teels:

La segunda carta para Santiago de Cuba ya fué puesta en el correo y estoy esperando la respuesta de la primera.

A continuación le copio parte de una carta del amigo de Holguín, dirigida a un familiar redidente en esta Ciudad :

"El país se está convirtiendo en una gigantesca base militar, mas allá de todo cálculo. Existe un frenético movimiento de armas de todas clases; miles de vehículos militares se mueven a todas horas del día y de la noche. Están estableciendo campamentos militares y aeropuertos en todas partes. Todas las lomas de piedra han sido perforadas para el almacenamiento de armas,a prueba de bombardeo. Miles de rusos han ocupado el país y se les puede ver por todas partes. La represión es salvaje y están preparados para enfrentarse a cualquiera invasión en gran escala. Las antiaereas (ametralladoras) conocidas por cuatro bocas han sido sustituidas por lanza cohetes. Palma Soriano, Songo y La Maya están fuertemente fortificadas. La Loma de las Piedras, entre Baire y Jiguaní tiene emplazamientos de cohetes. Las conocidas cuevas del Pepu, a cinco kilometros de Baire- hacia la Sierra Maestra- las han convertido en depósito de armas de todos los calibres".(Esta carta salió de la Habana,o Cuba, en la primera quincena de Mayo.)

La carta donde habla de la base de submarinos de Banes se le ha extraviado pero me ofreció buscarla . Mientras tanto,estoy escribiendo al amigo de Holguin invitándole para que me escriba con la mayor cantidad de información.

En sobre aparte le estoy enviando las copias de las waiver visas de la familia de mi hijo; la única que falta es la de la mas pequeña de las ninas,que nacio el 13 de Marzo; yo escribi al Departtamento de Estado solicitándola pero todavia no he obtenido respuesta; la carta la dirigí al Sr. Whitaker (Visa Offide).

Sin otro particular, le saluda su amigo,

Dear Dr. Guitart,

Adjunto hay dos hojas de papel que contienen el mensaje especial para Rene. Usted se fijara que hay una letra "I" en lapiz en un lado de cada jun de las dos hojas. La carta que usted va a escribir para Rene debe ser escrita en el lado del papel que contiene la letra "I." No escri a en el otro lado del papel. Su carta debe ser escrita con maquina, lapis or bolografo. No escriba con pluma y tinta comun.

Por favor, asegure que su carta sea normal y amistuosa. La carta no debe incluir algo que tenga doble sentido o que de sospecha que Usted esta tratando de impartir un mensaje ademas de lo que usted actualmente has escrito en su carta. Siempre es mejor seguir con discusiones sobre asuntos familiares - hijos, parientes, planes de vacaciones y otras temas personales.

Siempre que la carta sea normal in apariencia ye el sobre dirigido en forma normal, todo estaba bien.

Estoy ancioso de tener noticias de Rene como lo se que Usted tambien. La carta le ruega que el escriba a su nueva "sobrina", Lillian Martines, 4517 Walmsley St, New Orleans. Soponco que Usted le advirtio a "Lillian" que espere una carta de Rene, que no va usar su propio nombre en la carta o como remitente. Por favor pidale a lillian que no habra la carta. Tambien, hagame el favor de remitir la carta a mi sin abrir. De esta manera muestro laboratorio podra hacer un examen si la carta fue molestado o no. Tan pronto que muestro laboratorio desarolle el Mensaje, le mandare copia de la carta y mis comentarios. Mientras tanto si Usted tiene algunas ideas sobre su amigo en Holguin por favor escribame de el para que yo, tambien, pueda empesar con mis planes. Dr. Guitart, ha sido un gran placer para mi por haberlo encontrado y tengo confianza que encontraremos muestra relacion mutuamente productiva. Al fin de todo, muestras metas son las mismas y podremo asistir uno al otro para llegar hacia ellas. Espero anciosamente muestro proximo encuentro y noticias de Rene. Otra vez, mi agradecimiento por toda su ayuda. Mis mejores recuerdos a Usted y a toda su familia.

Sincerements,

Querido René:

Como ahora estoy de vacaciones tengo más tiempo para cumplir con los familiares y amigos a quienes debo correspondencia; no tengo ninguna carta tuya a la que referirme; en mi última te decía que había recibido una tuya contándome del arribo feliz del par de boticas para tu nietecita; como sé por experiencia que al cabo de una semana cualquier zapato usado por un niño tiene o adquiere el olor característico de quien se orina en los pantalones, estoy esperando la plantilla o el número para comprar el otro par de zapaticos para ella.

Como te decía antes, ahora estoy de vacaciones y puedo dedicarme a leer otras cosas que no sean las materias que tengo que explicar; he comprado varias revistas y novelas; ahora estoy leyendo una muy interesante y muy humana cuyo título en inglés es un poco raro y que traducido al español no tiene nada que ver con el contenido de la novela pues sería algo así como "Humedece las cartas que recibas"; quizás la traducción que hago del título sea un disparate a causa de mi deficiente conocimiento de esta lengua; sin embargo la entiendo perfectamente; aunque me gustaría que la leyeras no te ofrezco mandártela, si la encuentro en español, porque aquí, en el correo, se ponen un poco majaderos con los paquetes que no contengan ropa o medicinas.

La semana pasada tuvimos la casa convertida en un hotel pues coincidieron varias visitas: Jorge y Manolito vinieron de Washington a pasar una semana con nosotros; Miguel y Emma eligieron los mismos días; Willy y su compañero de estudios, regresaron de la Universidad y estudiarán en esta ciudad durante el verano y, por último, un primo de Ed. su señora, la mamá y tres muchachos se hospedaron en casa. Tremenda concentración. Ahora la casa nos luce vacía.-

Espero noticias tuyas; no seas remolón para escribir pues las cartas de la familia nos hacen sentir más cerca de nuestra tierra.-

Un abrazo,

New Orleans Jun. 19 de 1963

Mi querido tio:

Me ha extrañado mucho no tener carta tuya en esta semana; se me ocurrió pensar que quizas hubieran tenido que operar a Magdalena aunque tu me decias en una de tus cartas que se sentía mejor de su vesicula; cuando yo padecía de esa enfermedad estuve tomando durante muchos años una medicina llamada Motischonl o algo parecido, que es la maravilla del siglo; si quieres yo creo que aquis es fácil conseguirla y te podría mandar un frasquito para que la probaran en Magda.-

Por casa todos estamos bien de salud; las nietas se ponen mas lindas cada dia; la segunda ya camina y anda hecho un bólido por toda la casa; la primera habla correctamente el español como si fuera un muchacho de siete años; lo mas simpático es que de ves en cuando intróduce en la conversacion algunas palabras en ingles, aprendidas con dos niñas de la familia que vive en los bajos de mi casa; se sabe algunas canciones en ingles y las canta con bastante buena pronunciacion; es asombrosa la facilidad que tienen los muchachos para aprender un idioma.

Ya terminé de leer la novela de que te hablaba en mi carta anterior; si pudieras leerla te recomendaría que siguieras algunos de los consejos que la protagonista le hace a la figura masculina de la novela y desde el título hasta la última pagina contienen enseñanzas que se debían seguir al pie de la letra para poder convivir en familia; tu me dirás que estás muy viejo para cambiar pero sobre todo el título es una cosa maravillosa. A mi, con las novelas, me pasa lo mismo que con las peliculas: me identifico tanto con los personajes que llego a sentir las mismas emociones que el novelista describe de sus protagonistas.

Aquí estan haciendo unos calores insoportables; el clima de Santiago es como un invierno comparado con el verano que padecemos por aqui.

Espero tus noticas. Un abrazo de A.

Dear Mr. Teels:

Le acompaño copia de la carta que recibí, antes de ayer de mi amigo de Holguin. Estimo que tiene algunos puntos muy interesantes, sobre todo en lo referente a los precios de las mercancias y alimentos mas necesarios así como al estado de opinión existente, en contra del Gobierno.

El me anuncia otra carta con detalles mas concretos e, inmediatamente, le enviaré copia cuando yo la reciba.

Del pariente de Santiago de Cuba no he tenido noticias y creo que la carta con el papel especial fue interceptada o se ha perdido. Tambien es posible que él no haya entendido lo que se le pedía o que no haya querido exponerse a escribir. Creo conveniente no tocar ese punto por ahora, y esperar hasta que yo reciba carta de él.

Le saluda afectuosamente,

A. G.

Muy estimado amigo:

Me complacio mucho la llegada de su apreciada carta. Tenía ciertas dudas de que la anterior mía hubiera llegado a su poder. Su carta de los últimos días de Septiembre me llegó solo hace pocos dias. Hay demora en la correspondencia por razones obvias. Por su interés en mi estado de salud, le quedo muy agradecido y confio en que el plan que sigo me restablesca prontamente. A veces estoy muy pesimista y considero mi caso cronico y definitivamente incurable. (Se refiere a la situación en Cuba y a lo difícil que resulta el derrotar al regimen fidelo-comunista). Sus palabras de aliento son muy apreciadas por mí. Dadas mis posibilidades trataré de: haciendo uso de - la autocritica autorizada por el partido, o tal vez la critica sin auto, trataré de describir la situacion aqui.

A principios de Octubre pasado tuvimos la visita de la Sra. Flora, terrible huracan que inició su ataque un viernes 3 y nos dejó el miércoles 8, dejando una estela de desolación y muerte. Azotó nuestra provincia y parte de Camaguey durante casi seis dias, sin dejar de llover y con vientos de 100 kilometros por hora. Francamente, creíamos que se había iniciado el segundo diluvio universal. Gracias a Dios, nuestra familia y las de amigos y conocidos no sufrieron daños ostensibles, no así las zonas rurales que fueron barridas por las corrientes, como en Cauto, zonas de Mir, Mayarís, Sagua de Tanamo, Santiago de Cuba, Guantanamo y, en fin, toda la Provincia en sus zonas mas bajas. Dada la incapacidad del Observatorio Nacional, la alarma fue emitida demasiado tarde, ocasionando esta irresponsabilidad, por parte de las Autoridades, la pérdida de vidas y animales en sumas astronómicas; según las zonas que conozco y por informes veraces, calculo que sobre 50,000 cabezas de ganado vacuno y otra cantidad igual de porcino se perdieron. Las aves han desaparecido por completo. En vidas humanas me atrevo a a asegurar que son mas de tresmil. Jóvenes que habian sido llevados a las montañas a recoger cafe y para otras labores agricolas, han perecido por centenares, por efecto de - los derrumbes de picachos y árboles, así como por las corrientes de agua que bajaban como cataratas. Ahora son conducidos, hacia la Habana, en grandes rastras (big trucks) los despojos de estos infelices, como verdaderos parias, llenos de mugre y harapos, sin alimentos ni consideraciones humanas; sufren y callan pero son incapaces de rebelarse, toda vez que la represión mas que brutal es salvaje. Nadie puede imaginarse cómo es de monstruoso este sistema, que puede resumirse con tres palabras: falacia, propaganda y represión sin limites. Al final se aparecio el gran simulador (Fidel Castro) en varios carros anfibios, escenificó un show pre-fabricado y se hizo proclamar "heroe salvador de los campesinos".

Las tremendas inundaciones anegaron los depósitos subterraneos de armas y los túneles que han hecho en las lomas. El aeropuerto (se refiere al de Holguín) sufrio daños de consideración. Una caravana de mas de 200 camiones llegó a esta Ciudad anunciando que traían alimentos pero, en realidad, estaban cargados de armas para sustituir a las que fueron dañadas por el Ciclon; temían que se produjera un ataque de los enemigos de Castro, aprovechando las condiciones desastrosas en que se encontraba la Provincia.

Como Ud. sabe, han sido confiscadas las fincas mayores de 5 caballerias, pero lo cierto es que tambien han ocupado fincas mucho menores, expulsando a los propietarios sin permitirles que llevaran algunas de sus pertenencias. La confiscacion de las fincas pequeñas coincidió con el inicio del ciclon, y los ocupantes sin conocimiento de la topografia del terreno, no tomaron las medidas apropiadas para proteger los animales y las cosechas; muchos de estos imbéciles murieron ahogados, pagando con sus vidas su complicidad con los delitos del gobierno, si es que se puede llamar asi.

Estas fincas, antes de la confiscacion, estaban produciendo bastante, pero ahora han quedado en manos de imbeciles analfabetos, de peones sin instruccion alguna, sin sentido minimo de sus cargos. Hasta hoy no han pagado los salarios de los trabajadores de esas fincas; tambien han cambiado el sistema de salarios; a los que ordeñan las vacas le pagan ₵0.35 por hora y como no trabajan mas de 4 horas, perciben salarios de hambre.- Ahora han impuesto el llamado "racionalismo" en los salarios y abonan al trabajo

dor segun lo que produce, exigiendolo una gran produccion por un pequeño salario; asi por ejemplo un obrero de una fabrica de sapatos devenga $5.00 por cada $25.00; un albañil (obrero de la construcción) gana $5.00 por cada millar de ladrillos que coloque. (cinco "pesos" cubanos equivalen, ahora, a 50 contavos de dollar americano); es por eso que el mercado negro crece enormemente; los precios en el mercado negrp son: 1 huevo, vale $1.00; una libra de frijoles, $1.50; una de arros, $1.50; 1 libra de cafe, $6.00; una de filete, $10.00. La inflason es incontenible ni con la sancion de fusilamiento. Los sueldos iguales . y menores que antes y el racionamiento que es inadecuado no permiten una dieta suficiente en calorias diarias. El mercado negro lo sostienen, precisamente, los miembros de la "nueva clase" , que viven como principes, en grandes residencias, con varios criados pagados por el Estado y con grandes cantidades de dinero a su disposicion; los miembros de la nueva clase son los oportunistas de siempre, hipocritas, simuladores, ladrones y malvados y que son los puntales en que descansa el regimen mas abyecto y brutal que se pueda imaginar.

Esta gente son implacables con sus enemigos, y estos son todos aquellos que no se someten al comunismo. El gobierno de ese Pais (se refiere al Gobierno American) si no se dispone a asumir determinados riesgos jamás lograra erradicar este cancer que amenaza a la América entera; Rusia, ladina y astuta se aprovecha de la conducta honesta de los Estados Unidos, respetuosa de los convenios internacionales, en tanto que ella no los cumple. Tengo la firme conviccion de que los rusos no pelean y que usan solo la astucia y los rejuegos politicos para ir dominando al mundo, como lo han hecho en el caso de Cuba.

Algunos de los llamados "técnicos rusos" han abandonado nuestra Patria, pero vienen otros y el control de las fuerzas armadas está todavia en sus manos.

Los rusos, cuando se les commina dan un paso atras pero antes han avanzado dos; el Mundo Occidental se mantiene en actitud defensiva y ellos lo saben; ellos saben que los Occidentales le temen a la responsabilidad de desencadenar una guerra y se aprovechan de ello; asi van minando gobiernos y pueblos; millones de democratas en el mundo entero opinan que esta aactitud defensiva debe ser cambiada por otra ofensiva, antes de que sea demasiado tarde.

Aqui en Cuba se apercibe un colapso enconómico; los desafectos al gobierno son el 90% de la poblacion; pero ésto no basta ; el gobierno se mantendrá hasta quemar las ultimas posibilidades y los rusos los ayudara minimamente pero lo ayudan, a pesar de que ahora Fidel Castro como leader nacionalista independiente negándose a firmar el tratado de proscripción de las pruebas nucleares y adscribiendose al bloque chino.

En mi proxima carta le dare detalles sobre hechos concretos.

Le saluda muy afectuosamente,

Lapause C.

Dear Mr. Teels:

Desde Miami le escribi acerca de los informes del amigo que llego de Cuba en los ultimos dias de Julio o finales de Agosto; espero que le hayan sido utiles los informes suministrados por el.-

Ahora le trascribo la parte mas interesante de una carta recibida del amigo de Holguin que tiene fecha Agosto 21 y que me fue entregada ayer Sep. 8.-

La carta dice asi: "Comprendo su interes en conocer con detalles la situacion de Cuba. De acuerdo con mis pobres conocimientos tratare de complacerlo. Nuestra Patria, querido amigo, no existe; confio que un dia no lejano resurja de nuevo pues esta situación podrá sostenerse por un tiempo pero jamas por siempre. Considere a Cuba como una base sovietica; la vida normal de la Nacion ha desparecido; un movimiento continuo de fuerzas militares y de equipos ocupa todo el espacio y el tiempo; es como una peste "verde" que lo invade todo; tambien esta peste verde afecta la moral de la ciudadania (He says "peste verde" or green pest because all the soldiers were green uniforms -Russian and Cuban soldiers.) En el fondo todos detestan al régimen pero unos por cobardes, otros por estar convertidos en complices y muchos por miedo al hambre que impera, lucen como perfectos simuladores. La crueldad del sistema comunista ha destruido los principios de dignidad de gran parte de los Cubanos. La vida de un hombre hoy en nuestro Pais no vale nada, solo unas cuantas balas. Los soldados rojos infectan al Pais; No sabria decirle cuantas son las bases y cuantos los campamentos rusos que existen hoy en Cuba; alrededor de este Pueblo (Holguin) pueden contarse mas de diez; xxxxx creo que el numero de soldados rusos en Cuba ha sido siempre sub-estimado pues estoy seguro que es tres o cuatro veces el numero que el Gobierno oficialmente declara.

En el antiguo aeropuerto de esta Ciudad han construido tal vez la mayor y mejor base aérea de Cuba con pistas de mas de 5 Kilometros de extension; es usada por varios tipos de cazas-sovieticos y está preparada para aterrizaje de bombarderos pesados; los aviones y arsenales de bombas los guardan en subterraneos; tienen grandes defensas antiaereas y rampas de cohetes de "tierra a aire" contra aviones. Todos los alrededores del aeropuerto están minados para evitar la aproximación por tierra; el aeropuerto esta asistido por mas de tres mil soldados rusos para cualquier contingencia y son expertos extranjeros quienes lo manejan. Diariamente hacen practicas de bombardeos y ametrallamiento detras de la Loma de la Cruz, en las sabanas. La vigilancia en los zonas costeras del Norte de la Isla es constante e ininterrumpida aunque haya mal tiempo. Todas las lomas o cerros de sólida contextura están perforados para utilizarlos como almacenes de armas y alimentos; este es un plan que afecta todos los lugares. Grandes rastras penetran en las entrañas de las lomas para descargar y cargar materiales de guerra; para esto han construido carreteras alrededor de todos estos arsenales de las lomas. Todo el litoral, sobre todo en lugares de posibles desembarcos están minados de trincheras y perfectamente artillados. (He talks about the North Coast of the Province of Oriente and I suppose the situation is the same in all the Provinces).

Ahora han dispuesto la formacion de un Ejercito Cubano y todos los Mili-

14-00000

licianos tienen que integrarse en el mismo; los que ingresan en este ejército estan imposibilitados de volver a la vida civil; me atrevo a calcular en mas de 250,000 hombres los que voluntaria u obligadamente forman parte de este ejército Cubano; todos poseen armas automáticas y morteros de gran calibre de fabricación sovietica o checa. Las armas americanas son utilizadas para introducirlas en los Paises de Centro y Sur-America. En Banes existe una Base Naval llamada de aprovisionamiento; alli fabrican los explosivos que conjuntamente con las armas americanas envían en embarcaciones pesqueras a los mares del Caribe; estas armas y explosivos son transbordadas a otras embarcaciones y las llevan como contrabando de mercancias a los Paises de Centro y SurAmerica. Es de suponer que ésto se hace con la complicidad de funcionarios de estos Paises latino Americanos.

Los Cubanos anti-comunistas y anti-Castristas no podemos ~~perder~~ la fe en el Presidente Kennedy pero a veces su politica nos parece indecisa y extemporanea. Por aqui no hay indicacion alguna acerca de que las fuerzas rusas sean evacuadas de la Isla pues en vez de disminuir han aumentado considerablemente desde el año pasado. Sabemos que ahora se ha intensificado el sabotaje por parte de patriotas importados y deadentro pero estas acciones tienen poca efectividad dado el tremendo poder militar que dispone el regimen comunista. La gran mayoria de los Cubanos deseamos tomar parte en una accion final contra el regimen de Castro pero la ausencia de una orientación positiva los contiene".

He suprimido de la carta de mi amigo de Holguin algunos parrafos que en mi opinion no tienen importancia; me parece muy interesante lo que el dice de la Base Naval de Banes cuya existencia parece ser cierta. Cómo Ud. sabe la Ciudad de Banes ésta muy cerca de Holguin y hay buena comunicacion por carretera entre estos dos Pueblos.

De mi tio de Santiago de Cuba no he tenido noticias positivas y desde Miami me fué imposible comunicarme con él por telefono.

En espera de sus noticias queda de V. atentamente su amigo,

A. Guitart

Dear Dr. Guitart,

Thank you for your letter about the man who arrived from Cuba shortly before my last visit to New Orleans. I appreciate your having taken the trouble to write.

Since I have nothing from you concerning Rene, I assume that Rene has not written to the address provided him in "our" letter. Should you receive something, please call me collect immediately and forward the letter via Air Mail to me. My office telephone number is Washington, D.C. 356-9574.

Within three weeks of today, I expect to be in New Orleans and will call you soon after arriving to arrange a meeting at a convenient time.

Best regards,

Carl Teels

3- Last Saturday I took some children to Spanish classes which Mrs. Reinaldo Mora and Mrs. Agustín Guitart hold once a week. I met Sr. Guitart (L-49) there. Guitart did not look very friendly at the beginning. I presume that some comments I made about political groups in New Orleans got to his ears and he did not think much of them.

A few days before May 20 I was visiting at the Todos. A man called Jose Enrique Puente was there also. We were commenting about the fact that all of a sudden four or five guys who had been named New Orleans delegates by some Miami groups were trying to gain strength. Guitart was one of these men (he is supposed to be a close friend of Manuel

Antonio de Varona and represent Varona's group here). I made the comment that if they were seriously considering forming groups here we could and should use Cruzada (the local exile publication) to stop them.

Well, I don't think this is very important anyway. It is possible that Guitart might have not been feeling well Saturday morning, and the rest is all my imagination.

1. In accordance with your request of 4 June 1963, we have arranged for Carl Teels to interview Dr. Augustine Guitart Campuzano, Elio Valdes, and Arturo Finlay in the New Orleans Field Office on Wednesday, 12 June [illegible]. The following are the hours set for these interviews:

a. 10 AM, Arturo Finlay

b. [illegible] PM, Dr. Augustine Guitart Campuzano

c. 5 PM, Elio Valdes.

Valdes and Guitart expressed the hope that the interviewer would speak Spanish. Finlay seems to understand a limited amount of English, but speaks it only haltingly.

2. We will arrange for Mr. Teels to call at the local FBI Office during his visit next week.

MEMORANDUM FOR THE RECORD

SUBJECT: Contact Report, Meeting with Dr. Agustin Guitart

DATE : 12 June 1963

PLACE : OO Office, New Orleans

PRESENT: Subject and Gerald R. Lapsley as Carl Teels

1. Dr. Guitart turned out to be an energetic little man with considerable background in revolutionary/political activities. During the reign of Machado he spent about 17 months in the Isle of Pines prison for his anti-government activities. He has also been active more recently in anti-Batista and anti-Castro activities. After explaining our present needs for current intelligence, Dr. Guitart suggested that we try to establish contact with his uncle, Rene Guitart. Rene is the youngest brother of his father and was always rather close to Dr. Guitart. Rene Guitart is a Santiago businessman. He formerly represented a number of Canadian firms and perhaps other firms as well but now has only one account that Dr. Guitart knows of. This is for the Pillsbury Flour Company of Canada. Rene had business agents in various cities of Oriente province and is very well acquainted with the entire area and, naturally, has a very wide circle of friends and acquaintances. Dr. Guitart said that he had, by indirection, asked Rene to provide him with information about military construction at the port of Banes. He expects to receive Rene's report on the subject in the near future and promised to send me a copy of it. Dr. Guitart felt sure that he could, by indirection, convey to Rene the means for developing the SW system number 99. These directions will be relayed in two letters to be dispatched at one week intervals. A third letter will carry the SW text.

2. Guitart said that he could receive the letters at the home of a friend using the name of one of his friend's daughters. The address is Lillian Martinez, 4517 Walmsley St., New Orleans 25, La.

3. Dr. Guitart wrote the first two letters that same evening and brought them to my hotel Friday evening. Since Dr. Guitart is an energetic man I believe our contact with him will produce more than one recruitment attempt. He spoke of another family that he knows in Holguin and said that he would try to determine their present address and think of ways to contact them.

Remarks:

George - regarding our conversation about visa waivers. The man that requested the visa waiver was Dr. Agustin Guitart. He directed his request to Hugh N. Whitaker, Acting Chief, Public Inquiries Branch, Visa Office, Dept of State, Washington. Dr. GUITART requested the visa waiver for his grand child, Daisy GUITART Fox, born March 1963. Daisy's father, mother and sister already have the visa waivers.

If possible, I would like to obtain the waiver for Daisy GUITART as a friendly gesture to Dr. GUITART. I know it won't be worth much butwill be of some value in our dealings with Dr. GUITART anyway.

Dear Mr. Tools:

La segunda carta para Santiago de Cuba ya fue puesta en el correo y estoy esperando la respuesta de la primera.

A continuacion le copio parte de una carta del amigo de Holguin, dirigida a un familiar residente en esta Ciudad :

"El pais se esta convirtiendo en una gigantesca base militar, mas alla de todo calculo. Existe un frenetico movimiento de armas de todas clases; miles de vehiculos militares se mueven a todas horas del dia y de la noche. Estan estableciendo campamentos militares y aeropuertos en todas partes. Todas las lomas de piedra han sido perforadas para el almacenamiento de armas, a prueba de bombardeo. Miles de rusos han ocupado el pais y se les pueda ver por todas partes. La represion es salvaje y estan preparados para enfrentarse a cualquiera invasion en gran escala. Las antiaereas (ametralladoras) conocidas por cuatro bocas han sido sustituidas por lansa cohetes. Palma Soriano, Songo y La Maya estan fuertemente fortificadas. La Loma de las Piedras, entre Baire y Jiguani tiene emplazamientos de cohetes. Las conocidas cuevas del Peru, a cinco kilometros de Baire- hacia la Sierra Maestra- las han convertido en deposito de armas de todos los calibres". (Esta carta salio de la Habana, o Cuba, en la primera quincena de Mayo.)

La carta donde habla de la base de submarinos de Banes se le ha extraviado pero me ofrecio buscarla . Mientras tanto, estoy escribiendo al amigo de Holguin invitandole para que me escriba con la mayor cantidad de informacion.

En sobre aparte le estoy enviando las copias de las waiver visas de la familia de mi hijo; la unica que falta es la de la mas pequeña de las niñas, que nacio el 13 de Marzo; yo escribi al Departamento de Estado solicitandola pero todavia no he obtenido respuesta; la carta la dirigi al Sr. Whitaker (Visa Office).

Sin otro particular, le saluda su amigo,

Dr. Agustin Guitart

Dear Carl:

This sounds funny but in order to keep the subjects in separate letters I am starting this one.I want to get this one out to give you a chance to look it over before you come.During my visit up north we talked about contacting some professors.I told you there were two or three in this area.I did not have a chance to get close to any of them until last Friday.Here it goes:

Last Friday night(Jan.25) my wife and I attended a meeting to commemorate the anniversary of the birth of Jose Marti.It was quite cold and not many people attended(the act was not well organized either).After the meeting one of the Cuban couples talked us into stopping at a bar before going home.It happened that Dr. Agustin Guitart(the university professor that looks very promising)had gone with them to the meeting.What luck ! I accepted with the condition that Dr. Guitart would come along too.He couldn't turned it down.I have been trying to get close to this man for some time and never had the opportunity before.I could not get as much information as I wanted but this is just a start.

Dr. Agustin Guitart was a well known professor of Physics in Havana. He was a professor at the Instituto de la Vibora(a very large public high school in Havana) for many years before becoming a professor at the University of Havana.Dr.Guitart is about 5' 5'' and slightly on the heavy side.He has a little bit of grayish hair and a small mustache.He looks to be about 50 years old.

His home address is(from the phone book): 4009 Elba St.,New Orleans,La. phone, 82 2-2815.I believe he lives there with his wife,daughter,son-in-law and grand-children.His son stays there some times.I believe he is going to school somewhere.His son-in-law is a Cuban lawyer called Edmundo Robaina.

Dr.Guitart is now teaching Physics at Xavier University of Louisiana, a colored university located at 7325 Palmetto St.,New Orleans,La., phone: HU-8-6646.

He looks very anxious to do something to help fight the Communists in Cuba.He has attended most of the meetings in New Orleans since his arrival here a few months ago.(By the way,he and two other university professors were sitting together at the meeting Friday night).He

He arrived in Miami from Cuba in February 1962.He spent one or more days at Opa Locka.I don't know what date he arrived in Miami but he mentioned he left Opa Locka on a Friday or a Saturday.

I believe Dr.Guitart's wife is a sister or very close relative of Sara del Toro.Sara and her husband Amador Odio are in prison in Cuba now.Amador Odio was a Carlos Prio man some years ago and was also anti-Batista.Amador and Sara were both close to the Castro family in 1959

January 28,1963
L - 49

and 1960.When one of Fidel's sisters got married,Sara gave her a party(I don't know how you call this type of party) before the wedding.The party took place at Sara's country home just outside Havana.Sometime in late 1960 or 1961 Sara and Amador were accused of conspiring against the government.Amador was sentenced to 30 years and Sara to 6 years.I believe Sara and Amador have nine children.They must all be in the U.S. by now.

Agustin's brother is Dr. Miguel Guitart. Miguel was a well known professor of Mathematics in Havana.I know he tought at the Instituto de la Vibora(the old rascal gave a rough time in my exams) for many years.I don't know if he ever taught at the University of Havana. Miguel is now teaching Mathematics at the University of Alabama.

Dr.Agustin Guitart is now making about $540.00 a month at Xavier.I believe he speaks broken English.

Regards

G

P.S. Let me know if you need any more information about any of the subjects you want to see.I might be able to find it by the time you get here.

P.S. THE BAR IS CALLED "LAS MARACAS" AND BENITO BORGES OWNS IT.

Doc 4

Marcelino Melendreras - Left Cuba (Havana) 29 July via Mexico. He was in Mexico City 10 days and arrived in New Orleans Saturday, 10 August.

Prior to the communist government he worked in Productora de Superfosfatos (Superphosphates Factory) of Regla. When this factory was confiscated and included in the Consolidado de Fertilizantes (Fetiliser Consolidated) he performed the duties of Assistant to the Chief in the Technology Department. His services ended when he resigned a week before his trip. He informed me that the number of Russians has increased considerably and that when it was reported over short wave that a goodly part of them were returning to their country they were arriving in numbers larger than those who were leaving. Those which are seen in the streets of Havana are as many as the Cubans who also walk on them. All the buildings and houses of the district known as Habana del Este (East Havana) which was constructed and planned when the tunnel which crosses Havana Bay was built are inhabited by Russians and Czechs (the latter in lesser numbers than the Russians). This district was planned for well-to-do people and the houses are of the best quality.

In Havana Province, the Russian camps are located in the surrounding areas of the towns known as Wajay and El Cano. Cubans are forbidden to transit through these towns (and) were removed from living there in favor of the Russian officials. In the surroundings are located machine guns and antiaircraft guns in a large number.

It is well-known that the fishing terminal (near Havana) which was constructed in order to provide facilities to fishing vessels which operate on the North coast of Cuba has been converted into a base for Russian submarines. Mr Melendreras was in Santiago de Cuba and Holguin a few weeks before his trip but he did not hear anything said about the sub-

base said to have been constructed in Banes Bay, a city situated on the North coast of Oriente province.

While going through Las Villas Province at the entrance to the city of Santa Clara he was able to observe a large camp of Russian soldiers in tents. The airport in this city is controlled by Russians.

In Santiago de Cuba and Holguin many groups of Russians are seen but in a smaller number than in Havana. He believes that the number of Russians has increased instead of decreased since the October crisis.

In what regards food, that which is most abundant is rice and macaroni. Meat, when it is available, is given every two weeks, one pound per person. When he left Cuba a month and a half ago there were no eggs or chickens. In short, food is scarce and of poor quality throughout the island.

Marcelino Melendreras.- Salió de Cuba (Habana) el 29 de Julio vía Mexico. Estuvo 10 dias en la Ciudad de Mexico y llegó a New Orleans el sábado 10 de Agosto.-

Antes del Gobierno Comunista trabajaba en la Productora de Super - fosfatos de Regla; cuando esta fábrica fué confiscada e incluída en el Consolidado de Fertilizantes desempeñó el cargo de Auxiliar del Jefe en el Departamento de Tecnología; sus servicios terminaron cuando renunció, una semana antes de su viaje.-

Me informó que el número de rusos ha aumentado considerablemente y que cuando por radio de onda corta se decía que buena parte de ellos estaban regresando a su país, estuvieron llegando en número mayor de los que se iban. Los que se ven por las calles de la Habana son tantos como los Cubanos que transitan por ellas. Todos los edificios y casas del reparto llamado "Habana del Este" que fué construído y planeado cuando se construyó el Tunel que atraviesa la Bahia de la Habana, están habitados por rusos y checos (éstos ultimos en menor número que los rusos). Este Reparto fué planeado para gente de buena posición y las casas son de primera calidad.

En la Provincia de la Habana, los campamentos rusos están ubicados en los alrededores de los pueblos llamados Wajay y El Cano; para los cubanos está prohibido transitar por éstos pueblos que fueron desalojados para ubicar allí a la oficialidad rusa . En los alrededores están instaladas ametralladoras y cañones antiaereos en gran cantidad. (cerca de la Habana)

Es vox populi que la Terminal Pesquera que se construyó para dar facilidades a los barcos pesqueros que operan en la costa norte de Cuba, esta convertida en base de submarinos rusos. El Sr. Melendreras estuvo, semanas antes de su viaje, por Santiago de Cuba y Holguín pero nada oyo decir acerca de la base de submarinos que se dice han construido en la Bahia de Banes, Ciudad situada en la costa norte de la Provincia de Oriente.

Al pasar por la Provincia de las Villas, a la entrada de la Ciudad de Santa Clara pudo observar un gran campamento de soldados rusos en tiendas de campaña; el aeropuerto de esta Ciudad está controlado por rusos.

En Santiago de Cuba y Holguín se ven muchos grupos de rusos pero en menor número que en la Habana. El opina que el número de rusos ha aumentado en lugar de disminuir desde la crisis del mes de Octubre.

En lo que se refiere a abastecimientos, lo que mas abunda son arroz y macarrones. Carne, cuando la hay, entregan una libra por persona cada quince dias; cuando el salió de Cuba hacía mes y medio que no había huevos ni pollos. En resumen, la comida es escasa y de mala calidad en toda la Isla.

Miami, Agosto 20 de 1963

Dear Mr. Teels:

Tal como le ofrecí en mi conversación telefónica, aquí le incluyo un resumen de la información que me dió el amigo que llegó de Cuba el 29 de Julio. Se la hago en mi idioma por ser más fácil para mí el redactarla. Supongo que si Usted pudo hablar con él, habrá podido obtener otros detalles.

No ha sido posible para mí comunicarme con Santiago de Cuba desde esta Ciudad; espero hacerlo cuando regrese a New Orleans en los días finales de este mes y le escribiré enseguida que lo haga.-

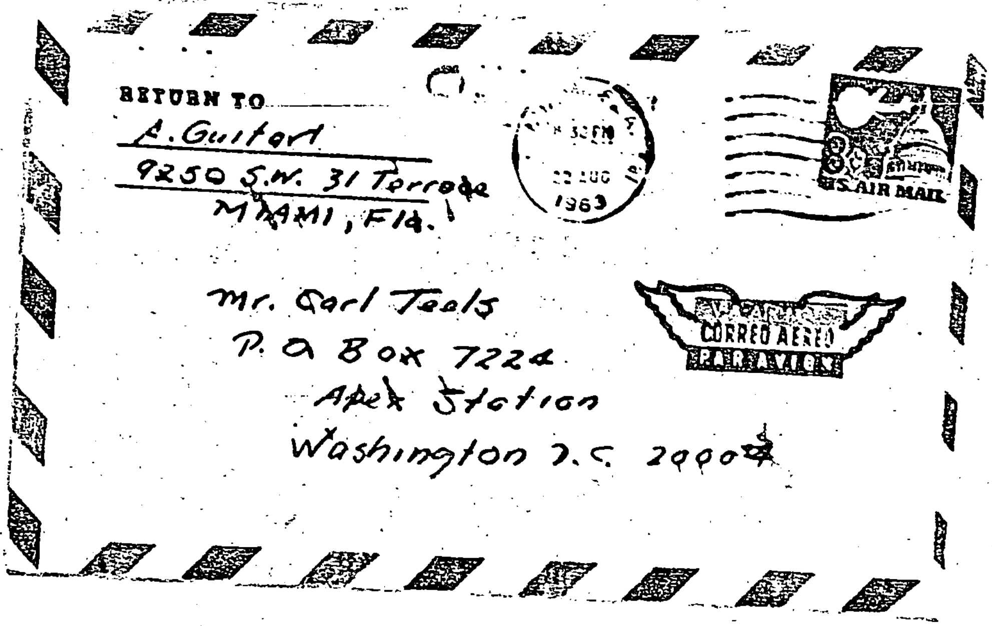

Yo dejé instrucciones al Sr. Martinez para que le enviara a su oficina de Washington cualquier correspondencia que llegara de Cuba durante mi permanencia en esta Ciudad.

Sincerely yours,

New Orleans
May 27, 1963

Dear Mr. Toole:

Following is some additional information as per our conversation during your last visit to New Orleans.

Cuban going back to Cuba.- Recently I heard through a third person that a Cuban is going back to Cuba. I have tried to find out details about this, but so far all I have learned is: it is a woman in her fifties whose husband is in Cuba. She has been living here with her daughter who is married to an American (Robert C. Baker, 538 Central Ave., Metairie, La.) She came to the U.S.A. to help her daughter and has been waiting for her husband and another daughter to join her here. Due to the fact that they haven't been able to come, she has decided to go back to be with them. She is anti-Castro. Her husband's last name is Vasquez and he was the director of the only Baptist school in the city of Holguín, Oriente province. (This is where they live) The school is intervened by the communist government. She has already received the cable from the Communist Cuban government stating she may return, but as far as I know, she hasn't left yet. This is all I have been able to find out.

#13- José Mata, in his forties.- 1501 Owens Blvd. (Apt. A) He was born in Santiago de Cuba, Oriente province. He was personnel manager in the First National Bank of Boston in Santiago de Cuba, presently employed by the Whitney Nat'l Bank here in New Orleans. Very honest person. He used to be enthusiastic but lately he has been very pessimistic. In conversations with him I have found that he cannot be of assistance.

#14- Carlos Mata, in his forties. Recently moved from 4421 Perlita St. to Duplessis St., but I don't know the number, and he will move again shortly. Brother of #13. Cuban lawyer, presently working with Standard Fruit Co. He is a very talented man . In Cuba he was the lawyer for the "Asociación de Cosecheros de Café". When he was living in Miami before coming to N.O. he was working with other cubans planning the new legislation to deal with coffee after Castro's overthrow. It is possible that he could be of assistance to you, but in conversations with him I haven't been able to find out whether he still maintains good connections in Cuba, which I think he must have.

#15- George Ronagosa, 35 yrs. old. Born in Havana. He worked for the "Compañía Cubana de Electricidad" and with his father in an import-export business. He is presently working for the grain company that he used to represent in Havana. He is a loud and boisterous character, but in the surface only. He is always willing to help with Crusada, and has done so in many ocassions. He told me he did a lot of sabotaging against Castro before coming to the USA. I asked him once if he maintained connections with friends in the company and he came up with a list of "chivatos" (informers), so I really can't say whether or not he could be of assistance to you.

#16- Francisco Menares, in his sixties. Cuban architect. Working at Avondale Shipping Yard, as an architect. 4316 Perlita St. (Apt. B) Father in law of #8. He was a hard worker before his son in law was released from prison, for the Cuban cause, but ever since the prisoners were released he has retired to his family life.

MEMORANDUM FOR: CO/Contact Division

SUBJECT: Dr. Augustin Guitart

Attached hereto is a report on Subject prepared by a New Orleans contact of ours. We are interested in determining whether Dr. Guitart has contacts in Cuba which could be of value to us. Please ask your New Orleans office to interview Dr. Guitart. From our standpoint, the purpose of the interview is to obtain another assessment of GUITART's character and to try to unobtrusively learn from him what contacts he still maintains with persons still in Cuba. Ostensible purpose of the interview could be to determine the present attitude of the staff of the University of Havana toward the Castro regime.

Dear Carl:

This sounds funny but in order to keep the subjects in separate letters I am starting this one.I want to get this one out to give you a chance to look it over before you come.During my visit up north we talked about contacting some professors.I told you there were two or three in this area.I did not have a chance to get close to any of them until last Friday.Here it goes:

Last Friday night(Jan.25) my wife and I attended a meeting to commemorate the anniversary of the birth of Jose Marti.It was quite cold and not many people attended(the act was not well organized either).After the meeting one of the Cuban couples talked us into stopping at a bar before going home.It happened that Dr. Agustin Guitart(the university professor that looks most promising)had gone with them to the meeting.What luck ! I accepted with the condition that Dr. Guitart would come along too.He couldn't turned it down.I have been trying to get close to this man for some time and never had the opportunity before.I could not get as much information as I wanted but this is just a start.

Dr. Agustin Guitart was a well known professor of Physics in Havana. He was a professor at the Instituto de la Vibora(a very large public high school in Havana) for many years before becoming a professor at the University of Havana.Dr.Guitart is about 5' 5'' and slightly on the heavy side.He has a little bit of grayish hair and a small mustache.He looks to be about 50 years old.

His home address is(from the phone book): 4009 Elba St.,New Orleans,La. phone, 82 2-2815.I believe he lives there with his wife,daughter,son-in-law and grand-children.His son stays there some times.I believe he is going to school somewhere.His son-in-law is a Cuban lawyer called Edmundo Robaina.

Dr.Guitart is now teaching Physics at Xavier University of Louisiana, a colored university located at 7325 Palmetto St.,New Orleans,La., phone: HU-8-6646.

He looks very anxious to do something to help fight the Communists in Cuba.He goes has attended most of the meetings in New Orleans since his arrival here a few months ago.(By the way,he and two other university professors were sitting together at the meeting Friday night).He

He arrived in Miami from Cuba in February 1962.He spent one or more days at Opa Locka.I don't know what date he arrived in Miami but he mentioned he left Opa Locka on a Friday or a Saturday.

I believe Dr.Guitart's wife is a sister or very close relative of Sara del Toro.Sara and her husband Amador Odio are in prison in Cuba now.Amador Odio was a Carlos Prio man some years ago and was also anti-Batista.Amador and Sara were both close to the Castro family in 1959.

and 1960. When one of Fidel's sisters got married, Sara gave her a party (I don't know how you call this type of party) before the wedding. The party took place at Sara's country home just outside Havana. Sometime in late 1960 or 1961 Sara and Amador were accused of conspiring against the government. Amador was sentenced to 30 years and Sara to 6 years. I believe Sara and Amador have nine children. They must all be in the U.S. by now.

Agustin's brother is Dr. Miguel Guitart. Miguel was a well known professor of Mathematics in Havana. I know he taught at the Instituto de la Vibora (the old rascal gave a rough time in my exams) for many years. I don't know if he ever taught at the University of Havana. Miguel is now teaching Mathematics at the University of Alabama.

Dr. Agustin Guitart is now making about $340.00 a month at Xavier. I believe he speaks broken English.

Regards
